## Sleeping Pillow

by Core Products  
INTERNATIONAL, INC.

Measure from the base of the neck to the outside tip of the bony prominence at the shoulder. NOTE: ignore any muscle mass beyond the bony prominence. Choose one size smaller if you measure between two sizes or sleep on a soft surface such as memory foam or pillow-top mattress.

If you are unable to print measuring guide, please use a ruler and follow the instructions below to find your correct pillow size.

1. Have someone assist in measuring you.
2. Move your shirt collar, if it interferes.
3. Stand **facing** the person who is measuring you, with arms at your side.
4. Hold the ruler level and measure from the base of the neck to the outside tip of the **bony prominence** at the shoulder. NOTE: ignore any muscle mass beyond the bony prominence. Choose one size smaller if you measure between two sizes or sleep on a soft surface such as memory foam or pillow-top mattress.
